RE: FOIA Request

Hello,

I would like to make a FOIA request for the following material:

Satellite images of Clarke County, Iowa. Would like to request any images that you currently maintain that are detailed enough to show structures. Individual photos or one large map is ok as well. Can be printed on paper -- Do not need to be printed on photo paper. Would like to request a fee waiver for the first 2 hours of search time and 100 pages of printed material if this is possible. Please advise if the cost to process my request is over \$25.00. My mailing address is listed below. Thank you and I look forward to your reply.

Sincerely,

Terry Edgington
